## PRESENTING

---

# PRESENTATION TIPS – PRESENCE

- Eye contact for the length of a thought
- Don't speak too fast
- **MORE ENERGY** (70-80% of a shout)
- Use movement effectively, don't pace
- Gesture naturally and strongly, not repetitively

---

## **PRESENTING**

---

# **PRESENTATION TIPS – SLIDES**

- Limit information on slides, so people focus on you
- Graphs - define how to read it
- Minimize text - scanned in under 30 seconds
- Use slides that strengthen what you say, not have written everything that you are saying
- Use lots of photos and visuals
